

NHS East Lancashire CCG: Register of Gifts Hospitality

As a public sector organisation, the CCG has a duty to ensure that its resources are utilised effectively. It must be impartial and honest in the conduct of its business and employees must be beyond suspicion. The CCGs Standing Orders & Prime Financial Policies confirm that policy follows guidance contained in DH circular HSG(93)5, Standards of Business Conduct for NHS Staff and the Code of Conduct for NHS Managers.

Declarations are to be made in the Gifts & Hospitality Register where the value of any hospitality received exceeds £25 per individual per instance. Gifts declined should also be reported and entered into the Register.
